RELIGION AND RACE KEY FACTORS OF HISTORY

Never Has the Collective Mind of Any Civilization Ever Organized Itself Around Anything Except Religion

JUDEO-CHRISTIAN APOSTASY

By FRED FARREL

Now and then I hear some solemn ass pontificating about “The Judeo-Christian Tradition.” The implication is that we are the possessors of a vast treasure inherited from past ages. In fact we are the heirs of nothing except a receivership in spiritual bankruptcy. What we have is not “The Judeo-Christian Tradition” but rather the Judeo-Christian APOSTASY.

The old religious issues which formerly flared between Christians and Jews are obsolete, simply because both religions have declined so disastrously as to be nothing but empty facades, or, in the words of Christ, “Whited sepulchers, outwardly beautiful to men, but inwardly filled with filth and dead men’s bones.”

There are a few real Christians left; just so, there may be a few old-fashioned Jews hiding here and there. THE MAINSTREAM of Judaism and Christianity alike is a mainstream of decadence, of degeneracy, of abandonment of high spiritual aspirations formerly held. Monotheism is no longer a good or creative influence in the world. It is the mask of the humbug, the mercenary, the conniver. St. John created the archtype image of APOSTASY; “The woman was clothed round about with purple and scarlet, and gilt with gold, and precious stones and pearls, having a golden cup in her hand, full of the abomination and filthiness of her fornication. And on her forehead a name was written: A mystery, Babylon the great, the mother of the fornications and the abominations of the earth.”

Indeed the corrupted and apostate “Judeo-Christian Tradition” has become the great mother lode of all of the harlotries and abominations of the earth. Communism is a mere by-product of it. It has corrupted the political, economic, and social organization of mankind. Saints and Mystics have arisen in recent times to spell out the warnings. At Lourdes in France a rather simple-minded girl named Bernadette Soubirous had a vision. A beautiful lady, invisible to everyone else, appeared and spoke to Bernadette. The message was terse; “The world is rotten! Repent! Repent!” The message was unwelcome in the Progress Cafe in Lourdes, where the local intelligentsia gathered to talk about the wonderful age of endless forward progress which was dawning. Smug churchmen, more interested in the pursuit of comfortable ecclesiastical careers than in intercepting unwelcome messages from the distant reaches of Heaven, also were discomfited. Nevertheless, decades later, a Pope stood in the Basilica of St. Peter and declared Bernadette Soubirous to be Blessed and a Saint. As the Age of Progress turned sour and became disastrous, as huge

artillery pieces thundered across Europe and revolutions shook the foundations of ancient Royal dynasties, the Saints and Mystics continued to take a dim view. At LaSalette and Fatima the sour note was struck again: “Rotten! Rotten! Repent! Repent!”

One does not need to be a Saint or Mystic to see the consummate rottenness of the contemporary world. It is painfully obvious on every hand. The hopes of the Materialistic Age lie in ashes. The most utterly ruthless realists and the most utterly unworldly saints see this easily and clearly. In between the ruthless realists and the unworldly saints, there is a vast horde of two-legged cattle who see it not at all. They are only concerned with saving their money and saving their hides, often in that order. THEY are the mobs who run in vast, sheep-like herds after the quacks, frauds, charlatans, and swindlers who lead modern political and ideological movements. They believe whatever tickles their fancy. They often believe devoutly that they are looking after their own interests. They are doomed to become a shorn-alike, bleating-alike herd, led to their doom by the false prophets whose theological abominations they so dearly love. They are easily organized into the “Right Wing” or the “Left Wing” because they have abandoned the effort to think for themselves and always want a ready-made formula into

“... as the observance of divine institutions is the cause of the greatness of republics, so the disregard of them produces their ruin; for where the fear of God is wanting, there the country will come to ruin...”

which to pour their worthless, irrational passions. They become passionate partisans of nothingness. They are incapable of significant action. They do not understand, can never understand, that the so-called “Battle” between Right Wing and Left Wing is merely a fixed wrestling match; that nobody can ever win the battle because there is no battle. They are victims of the Great Apostasy.

Our jejune bourgeoisie dream of a great victory over “Reds.” They do not understand that a civilization which is badly torn by class warfare is already doomed; it has no future worth worrying about; it cannot give any good warranties; the mere existence of a “Right” and a “Left” is the harbinger of doom. To “take sides” in such a matter is the mark of bankrupt people. The House of Rothschild introduced the Right-Left system into the political life of the West. This was an act of HERESY against the whole structure, not only of Western Civilization, but the whole ages-long structure of Monotheism itself. It made Monotheism the accomplice of infamy. There is of course no “Revolution” which rises up from the lower depths of society. Marxism was from the beginning an instrument of Capitalist Management. The workers were herded into Marxist parties and Marxist trade unions secretly managed and financed by the great Capitalists. Thus a monstrous era of rule by grand-scale deception began. Millions of passionate partisans took up sides. Jewish intellectuals educated the world to think in terms of “Right” and “Left” and in terms of a necessary choice between the two. The whole system of industrial technics came to depend upon this vast deception. WHAT WILL HAPPEN WHEN THIS VAST DECEPTION CAN NO LONGER BE MAINTAINED? Will the Industrial Era go up in smoke? Today the whole economic and political system of the earth rests upon a firm foundation of THIN AIR. It is too late to say that the hopes which have been invested in the Materialistic Age are merely “in danger.” Today those hopes are already lost beyond any possible hope of redemption.

We must dismiss the rationalist belief that Religion is “obsolete.” The belief that something called “Science” has made religion obsolete is nonsense. When “Science” seeks to control the actions and motivations of millions of people, then “Science” itself becomes a kind of quack religion. Religion is the only force which has ever enabled Human Consciousness to focus itself collectively. No city has ever been built, no creative arts have ever flourished anywhere until a talented Theogonist has practiced his trade. We are not here trying to save your maggoty soul, which may well be beyond saving in any case; we will not argue whether religion
